Travel	Maximum of 60 minutes per day per client	\$193.99/hour
Instrumental Assessment	This requires 2 speech pathologists for the procedure, billed at 1.5 hours of time. Fee includes report.	\$290.95

CPSP-only Fee Conditions

Available for people over 13 with lifelong disability and participation-based goals (and/or on the NDIS)

Our Certified Practising Speech Pathologists (CPSP) fees are the NDIS recommended rate of \$193.99/hour and follow NDIS billing guidelines. Fees are based on the time required for services rather than a flat rate.

Indirect clinical time	We work very hard to prepare resources, maintain clinical communication, and create homework for clients. All therapy sessions include 15 minutes indirect clinical time. If further indirect clinical time is required this will be invoiced separately, additional to these 15 minutes.
Rebates	CPSP-only services paid privately (not NDIS) may attract rebates where eligible. Staff are registered Medicare providers. Clients are responsible for checking their eligibility before booking (eg. With private health insurance, Medicare packages, NDIS).
Eligibility	CPSP-only services are available for people over 13 with lifelong disability and participation-based goals (and/or on the NDIS).
Cancellations	Clients must provide at least 24 hours' notice to change or cancel an appointment or you will incur a 100% cancellation fee.
Medico-legal responsibilities	Clinical records are a requirement of health services. We utilise a small amount of session time to complete the medico-legal responsibilities of your care.
Payment	Telehealth appointments must be paid the day prior or will be cancelled (unless otherwise agreed). All other accounts require settlement on the day of the service received.
Appointment confirmations	You may receive confirmations via text or phone call for your appointments. These are a courtesy for clients. Clients are responsible for taking note of their appointments and are encouraged to contact the clinic if confirmation has not been received. Cancellation fees may apply even if a confirmation text has not been received.
Consultation with other professionals	If you ask us to have additional meetings or consultations with other professionals, this will incur a fee of \$193.99/hour.
Travel	Off-site or home visits incur travel fees.
